## YOUNG ADULT POWER OF ATTORNEY & ADVANCED HEALTHCARE DIRECTIVE

Young adults ages 18 to 30 are no longer covered under the Parent Consent Statute. Institutions, Hospitals, Medical Professionals, Healthcare Providers do not recognize Parents as automatic decision makers for their Young Adults. It is essential that these Young Adults establish Durable Power of Attorney, Advanced Healthcare Directives and assign an Agent for managing both their financial affairs and act as their healthcare Advocate in case they become incapacitated or unable to make these decisions. Parents who are named as their Young Adult's Financial and Healthcare Agent have the ability to view medical records and make informed medical decisions as well as manage financial matters.
