

Asset Protection/Anonymous LLC

Asset Protection is driven by the creation of an Anonymous LLC registered in Wyoming thru a confidential Attorney. A Basic Trust is established for Assets to be Re-Titled in the name of the name of the Trust that matches up to the name of the Anonymous LLC to avoid detection thru Asset Searches. This reduces potential exposure and avoiding litigation through frivolous lawsuits. Asset searches do not show any personal information, only the public publication of the Trust which matches the Anonymous LLC in Wyoming listing the Registered Agent; a Wyoming based attorney. Attorney Client Privilege with the Registered Agent prevents personal ownership from being disclosed.
